

NEW MEXICO SONOGRAPHS INC is HIRING!!!

New Mexico Sonographics is seeking experienced MFM OB/Gyn sonographers to join our practice. We travel throughout the state of New Mexico providing OB ultrasounds to rural areas. New Mexico Sonographics currently has 13 sites in NM and 1 site in AZ. The ability to work as part of a team as well as independently is important.

Sonographers typically work only 14 days a month, no night shift, no weekends, no holidays!

- Medical, dental, vision Insurance and 401K available
- PTO
- Vehicle and gas are provided

New Mexico Sonographics has been providing High Risk MFM services as well as routine Obstetric and Gynecological ultrasound services throughout the state of NM since 1993. We are AIUM accredited since 1997 and were the first mobile practice to be accredited in the nation.

Fetal Echo required within 2 years of employment. Nuchal Translucency and CLEAR certification required within the orientation period. Please forward your resume and any questions to solisrubes@gmail.com.
